So for we have purchased totaly 6300 no of seedlings

At present we have different stages of DXT - Coconut trees at our farm

This above said Hybrid is really performed well for yield, quantity and quality wise. Here with we happy to inform that DEE-JAY Product is very very good in all aspect. One DXT - Tree is given that 200-250 nut/annan and Copara out-dar nearly comes around about 21.5 kg / 100 nuts. We have very much happy about DEE-JAY Coconut seedlings and better Product for farming community. In that <sup>angle</sup> no doubt about it.

Thanking you.
