Sir,

Sub: Purchased D x T Hibrid Coconut seedlinge - Reg.

I heard about your D x T Hibrid performance in our area I verymuch interested
To Develop the Hibrid coconut garden my own form.

So I purchased in different stages of seedlinge from your company

On 1998 - 500 D x T
2002 - 3000
2003 - 500
2007 - 1000
2008 - 1000

Total = 6000

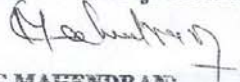

After planting this seedlinge, I got a first flowering in 19 to 20 months period. I did first
harvest in 38 months. From this six thousand trees nearly four thousands trees are now
yielding From which nearly per year per tree 200 to 240 Matured nuts, and also 300
to 350 tender nuts for harvested for water purpose.

By this performance of your D x T Hibrid I am fully satisfied by income
From this trees. I am also probagand all of my friend circle and formers to
Buy Deejay Hybrid seedlinge and get good economic value in short period
(Four years).

Thanking you,

Yours
